In an effort to remain in Scotland and retake what is hers, when Kieran McNeil pleads with the handsome richly dressed man walking near her on the docks to save her, both their lives are forever changed.

The Clan MacMillan was introduced to Malcolm MacMillan and Catherine MacArthur in the April 2007 release of *Castle Dreams*, the first story in the series. With the release of *Highland Dreams*, we are introduced to their eldest son, John.

John MacMillan is being groomed to become the next Laird of the Clan MacMillan. He is content with his life at Castle Sween, learning from his father to fulfill his destiny. He has given little thought to finding a wife.

Kieran MacNeil is being forced into white slavery by her greedy uncle. When she pleads for rescue from a passing handsome Highlander, she finds sanctuary with the Clan Macmillan. When he heeds her cry for help, he finds the Highland lass of his dreams.

Cheryl MacMillan's Scottish approach to this captivating romance series is fused with passionately charged relationships of Highland Scottish Lairds and their Ladies. This series will leave you breathless.
